What is your club?

In Wells Bring Hope Club, members will actively engage in various fundraising activities with the goal of generating enough money to construct an underground well for impoverished communities in the country of Niger, which will provide accessible and clean drinking water to locations which lack access to such basic needs. Fundraising activities may include distributing promotional materials for donation collection, coordinating charitable events, and leveraging online platforms for fundraising campaigns. All proceeds raised will be channeled directly to Wells Bring Hope, a non-profit organization which will use our money and their connections in Niger to ultimately build wells for communities in need.

How can I join your club?

As of right now, the only way to join the club is to contact (email, text, or talk to in-person) one of the club leaders listed below. A remind will be created on the Remind app in the near future, prior to the opening of the club fair. Everyone is welcome to join so long as they are willing to help fundraise and work in good faith.
